MULTI PANEL BOARDS

A practical option when you want to save space and to enlarge your presentation possibilities: the multi-panel board. This more extended version of the normal whiteboard is available in three and five-surface versions. The surface divisions are shown on the drawings. The boards are manufactured from white enamelled steel, whereby the quality remains guaranteed and they are magnet attachable, can be written on and are dry erasable. The multi-surface boards are framed with firm aluminium RC-profile. Supply includes suspension materials and pen tray.

Multi-panel board, 5-surfaces, enamel white	***RC-profile***
120 x 200 cm	*13016.100*
120 x 150 cm	*13016.101*
100 x 200 cm	*13016.102*
90 x 120 cm	*13016.103*
60 x 90 cm	*13016.104*
